

METAL SPINDLES

At Windsor we stock everything you'll need to finish the job like a pro!

LOOKING FOR SOMETHING DIFFERENT?

These decorative metal spindles combine steadfast strength, beauty, and durability. With a 100% galvanized system and premium exterior powder coat finish, these products will eliminate virtually all maintenance concerns.

Features of 2nd Generation Iron Balusters

- Bolder look 16mm (approx 5/8") versus 1/2"
- Easier handling for shop and installation
- Cuts much easier than a solid bar, longer blade life
- All detail measurements align on rake and or balcony
- Detail measurements accommodate trimming for knee wall applications
- Can be installed "shoeless" using pre-notched fillet and mounting plug
- Edges eased giving better surface for coating adhesion
