

# ROBINA ENGINEERED WIDE PLANK HARDWOOD FLOORING

## 1. Evershine™ Finish:

Nine layer finishing system include double applications of aluminum oxide crystal coating for superior durability and a perfectly even, satin finish.

## 2. Face Layer:

Wide range of solid hardwood surface wood types and tones. Robina's proprietary process minimizes cracks or checks.

## 3. Core board:

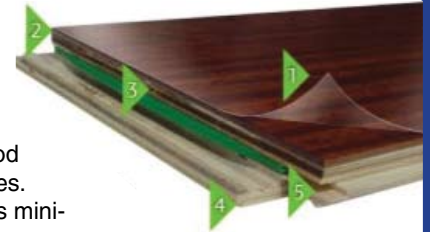

Made of Poplar wood which is a highly renewable resource. Construction in multiple cross-ply layers for superior dimensional stability.

## 4. Balance Board:

Wood balance board provides maximum structural support and prevents distortion.

## 5. VR-LOC® Locking System:

Works using a simple "angle and push down" method. Simply angle one side of the board onto the next and push down. That's it... really. These floors go together so quickly and easily, a do-it-yourself customer could successfully install a VR Loc Floor within a day and save the cost of a professional installation. Once completed, a VR Loc wood floor looks just like a floor installed with traditional nail, staple or glue down methods, but for less money, in less time and with less frustration

## 25 Year Manufacturer Warranty

All Robina Wood products come with a full 25 Year Residential Finish Warranty guaranteeing that the finish will withstand the test of time. A Pre-Installation Warranty and Lifetime Manufacturer's Defect Warranty also come standard with every flooring purchase.

Board Width	Board Thickness	Board Length*	Sq. Ft. / Carton	Avg. Weight/Carton
5"	1/2"	4'	19.53	34lbs.

\*5-10% of carton content is comprised of random length boards 12", 24" and 36"
