Physical Properties

Quickly access Quartz Select physical properties by scanning the QR code at right with your internet connected smart phone or tablet or search for Quartz Tech Data at WILSONART.COM/QUARTZ.

Wilsonart® Quartz is a natural product, and for this reason a slight variance in color, shade, and structure of the natural stone is inherent. This sample is meant to reflect a general indication of a particular design's color, hue, and composition, and is not a guaranteed replication of a full-sized Wilsonart Quartz slab.
